

What To Buy to Attach Your Camera to your Scope

You can purchase a T-Mount Adapter for most common lens filter sizes. If you can't find a T-Adapter for your filter thread size you can generally find a filter adapter ring that will screw into your lens filter thread that has a thread that fits a T-Adapter. For help with this visit the table below.

You can do a web search for T-Mount Adapters with your lens size and Filter Adapter Rings if needed. We've provided links to T-Mount Adapters and Filter Adapter Rings from Adorama in the table.

You can purchase the Novagrade T-Adapter on our online store or other online and photo and scope retail outlets.

If your lens filter thread is:	...purchase this filter adapter ring,	...this T-Mount Adapter,	...and this Novagrade product
